## CHAUTAQUA WAS A GREAT SUCCESS HERE

Shown for Full Week and  
Every Performance Well Pat-  
ronized—Pleasing Musical  
Programs and Good Ad-  
dresses.

The Chautauque which commenced here last Thursday for a week's engagement and closed tonight has been a huge success from every standpoint. In all 12 performances were put on and apart from the lectures it was hard to say which of the musical programs was most enjoyed. All were of a high class character and when considered from the price of the season tickets, were exceedingly reasonable.

The lectures delivered during the week were on a par with the music in that it would be hard to say which was the best, as all were on different subjects. Major G. W. Kealey, on "The War and the New Day" and during his remarks spoke of many of the problems which will have to be faced in the new days after the war. Dr. H. H. Hays gave an interesting and instructive address on the life habits and customs of the natives in the wilds of South America. The address by Dr. W. J. H. Hays, on "The Test of the West," was probably the best of the series. His message was inspiring and was well illustrated with incidents which gave expression to many of the feelings and thoughts of westerners.

Good crowds attended every performance but the evening shows were exceptionally well patronized. The men in town and surrounding country who were on the ground certainly deserve great credit for the untiring manner in which they worked, and the fact that they were able to clear their guarantee is entirely due to their efforts.

Arrangements are at present being made to have the Chautauque appear here again next year. To do this it will be necessary to have the names of 40 guarantors on the contract. At the time of writing 36 of these names have been secured and there is no doubt that the additional four will be secured at the closing performance, so that there is no doubt that we will have the Chautauque with us for a week's stand again next year.

## Will Protect Farmers Till After Harvest

It is stated that an official announcement will be issued by the government dealing with the calling out of men engaged in agricultural pursuits. It is understood that it will contain the assurance that while the need for re-inforcements must be met, every care will be taken to have the enforcement of the Military Service Act press as lightly upon the farmers as possible at least until after the completion of harvesting operations.

An already announced, young men of the 18-year class, who were asked to register on June 1, will not be called out before autumn. The position of the farmers recently has been engaging the attention of the cabinet.

## Germany asks for Prisoners from Here

Because the German delegates at the British-German war prisoners conference at The Hague are pressing for the return of all prisoners in Canada and Africa, as well as those in Great Britain, a high has occurred in the negotiations. The difficulties of such a course, it is contended by the British delegates, particularly in respect of staying transport, make it impracticable. The negotiations have now reached a most critical stage, but the correspondent says there is no reason to think they will prove abortive.

**TEACHER WANTED**  
Teacher with second class certificate for the Harvest. Age B. 2339; duties to commence September 1. Apply by letter, stating salary required, to P. H. Wolfhard, secretary-treasurer, Howell, Alberta.

# CANADIAN REVIEW

Provincial Librarian **THE LOGAN: An Industrial Metropolis of Industrious People Who Pull Together.**  
REDCLIFF, ALBERTA, THURSDAY, JUNE 20, 1918.

## Where to Register Here on Saturday

Everything is now ready for the registration which takes place all over Canada Saturday next, June 22nd.

In Redcliff seven registrars and seven assistants have been appointed to take in the registration early on Saturday and give the registrants their cards, which they must carry in future and be prepared to show to any official if required to do so. For the convenience of employees in the different industries in town a separate registrar has been appointed for the Glass Plant, and one for the Rolling Mills. At these plants the employees will deposit their cards with the registrar in the office of their plant any time Saturday. For the country, the Brick and Coal plant, The Pressed Brick and the Clay Products a floating registrar has been appointed and he will call at these plants during the day to collect the cards. All others who are supposed to fill in their cards will deposit them with any one of the other four registrars who will have their headquarters at the school and will be there from 7 o'clock in the morning till 10 o'clock at night.

Four different rooms at the school will be used and as each one is a separate booth, registrants may go to any one of them, but we would suggest that the public use their own judgment as to which booth is most convenient for the registrars by dividing up and going to the room where there is the least rush. The address by Dr. W. J. H. Hays, on "The Test of the West," was probably the best of the series. His message was inspiring and was well illustrated with incidents which gave expression to many of the feelings and thoughts of westerners.

Good crowds attended every performance but the evening shows were exceptionally well patronized. The men in town and surrounding country who were on the ground certainly deserve great credit for the untiring manner in which they worked, and the fact that they were able to clear their guarantee is entirely due to their efforts.

Arrangements are at present being made to have the Chautauque appear here again next year. To do this it will be necessary to have the names of 40 guarantors on the contract. At the time of writing 36 of these names have been secured and there is no doubt that the additional four will be secured at the closing performance, so that there is no doubt that we will have the Chautauque with us for a week's stand again next year.

## Zeebrugge Harbor Is Still Blocked

The entrance to the harbor of Zeebrugge is blocked, according to Lord George Cornwall and Lord Bead, of the British Royal Air Force, who landed in the province of Zealand Monday, and are to be interned at The Hague. In an interview published in the Telegraph, they say the Germans are available to day and night to clear the passage but each night British aviators demolish the Germans' progress. The constant shelling of the harbor are still there and the Germans are afraid to blow them up for fear they will also destroy the sluices. The lieutenant asserts that no submarines can enter or leave Zeebrugge. The blockade of Ostend is not so complete but the Germans are having great trouble there.

The motor of the seaplane carrying Cornwall and Bead failed while they were bombing Zeebrugge. German German aviators attacked their machine, but they managed to reach Holland and to escape capture by the Germans.

## British Air Council Insist on Reprisals

The British parliamentary air committee demand that the government take action to stimulate the production and output of aircraft in this country. They insist that the air ministry and minister of munitions should be urged to take action to stimulate the production and output of aircraft in this country. They insist that the air ministry and minister of munitions should be urged to take action to stimulate the production and output of aircraft in this country.

## MEETING TO BE HELD IN REDCLIFF NEXT WEDNESDAY Farmers and Townspeople to Discuss Matters of Interest to Both—Meeting to be Held in Crowe's Hall at 8 O'clock in Evening.

After the Chautauque performance which was addressed by H. W. Wood, president of the U. F. A., last Wednesday afternoon, a number of members from the Box Springs and Howell unions held a meeting in the tent to discuss matters in connection with the U. F. A. with Mr. Wood.

Several questions of interest to the farmers of this district were brought up and Mr. Wood gave some good advice as to how to dispose of them. He strongly advised the farmers to be more interested in their U. F. A. work and suggested that the women of this district also organize.

As man of the questions introduced were also of vital interest to this town, a representative of the Review suggested that a meeting be arranged when members of the Howell and Box Springs U. F. A. could meet the business men here in town and go into their matters more thoroughly with the hope of taking some concerted action. The suggestion was considered a good one and a motion was passed requesting the Review to make the necessary arrangements for such a meeting.

This we have done. Mr. Crowe has kindly offered the use of his hall over a pool room and a motion was passed to hold the meeting for next Wednesday, June 26th, at 8 o'clock sharp.

Remember the night, next Wednesday. We are solicited farmers of the district will be here in large numbers. It is up to the townspeople to make the meeting a success.

## 800,000 Sammies Now in France

American troops sent to France now number more than 800,000, Gen. March, chief of staff, announced last Saturday. The number of troops now being transported, Gen. March said, is limited only by the capacity of the ships available to day and night. And we will continue to ship them along this line, he said.

The 800,000 figure includes all branches of the service necessary to make up a complete army, both combatant and non-combatant.

## Imperial Limited Derailed Yesterday

As the result of a broken rail the eastbound Imperial Limited, Number 2, of the Canadian Pacific Railway, was derailed near Shepard station, about eight miles east of Calgary, shortly before 4 o'clock Wednesday morning. Six cars partially or altogether left the rails and among these the tourist car was turned over on its side and the passengers in this car had to get out through the windows. Several passengers were shaken up but there were no serious injuries.

## BIRTHS

DURK—North of Redcliff, on Saturday, June 8th, 1918, to Mr. and Mrs. H. Durk, a son.

WOLFEY—In Redcliff, on Tuesday, June 18th, 1918, to Mr. and Mrs. E. H. Wolfe, a son.

ANDERSON—In Redcliff, on Friday, June 14th, 1918, to Mr. and Mrs. Anderson, a daughter.

CABLE—In Redcliff, on Wednesday, June 13th, 1918, to Mr. and Mrs. R. Cable, a son.

McINTYRE—In Redcliff, on Sunday, June 10th, 1918, to Mr. and Mrs. J. McIntyre, a son.

James E. Lawrence, for over 20 years postmaster of the Redcliff station, has been charged with stealing \$10,000 from the Department of Railways and Canals.

## President of U.F.A. Here At Chautauque

At the Chautauque program last Wednesday afternoon H. W. Wood, president of the U. F. A., gave a most interesting address on "Democratic Organization." A number of farmers attended the meeting and followed the speaker throughout.

In an interesting manner the speaker reviewed the growth of the spirit of democracy during the past century and showed that trade and commerce had ever been the dominating factor since the first trade of something of which one had too much was made for something of which he had none, down to the present, and he contended that democracy was the only way in which the community could be made to conform with the principles of democracy.

He explained democracy as being government of the people by the people and for the people and said that although many countries thought they had democratic governments, none of them had democratic forms of government but the governments were ruled by autocratic cliques. To change this condition of affairs he advocated the principle of co-operation instead of competition. To assist in bringing this about he advocated the thorough organization of the great middle classes of which he said the farmers of the community were a leading element. Every department of labor, he said, should organize and work together for their own interests and then all different organizations should combine for the common good of the whole community and the whole country. There is no such thing as personal liberty, the speaker said: Just as one individual is dependent on another for social intercourse so is one department dependent upon the other and the sooner that all work together along democratic lines the sooner will come the answer to the farmer and off to restful prayer: Thy Kingdom come. Thy will be done on earth as it is in Heaven.

In concluding the speaker strongly urged farmers and their wives to organize. He said they owed it to their country to do so. The U. F. A. and extended the belief that with proper organization and 20 capable leaders the middle classes could dominate the destinies of Canada.

## Hat Fireman to Work in Spare Time

By the casting vote of the mayor, the Medicine Hat council decided to enter into competition with the auto garage in repairing autos, especially Ford cars. This work will be done by the firemen when not attending fires. Some remuneration will be allowed them, and the price charged will be the same as at the other garages. They will also be engaged in woodwork on city cottages. The work will be confined to city work. The council was unanimous for giving the firemen work, but half of the members objected to taking outside work.

Purchased from Henry Ford & Son by the Canadian Food Board has been sold to Canadian farmers. Farmers who wish to secure such tractors in future should place their orders with the Department of Agriculture in their own province, and until further notice such orders will be handled in the same way as the first thousand.

## Enemy Offensive In Italy Stopped

The Austrian planes are not closing in on Italy with the precision of October, when they forced back the Italian armies of Gen. Cadorna from the Julian Alps to the Piave river, and from the southern mountain regions almost to the plains of Venetia. In fact, they do not seem to be closing in at all.

The upper jaw in the Venetian Alps a stalled under the resistance of the Italian, French and Italian forces, and the Austrians are unable to make the necessary to bring it across the Piave river and push back the Italian troops which are closing in on it.

Each Province in the Dominion has been asked to form a scheme of re-education for its own people. "Thus the Canadian Food Board hopes to provide for each province's own particular conditions."

## Clay Product Now Making Bricks

The Clay Products plant which has been taken over by a new company and has been undergoing repairs for the past few weeks, is now in operation.

The new staff commenced making brick last Wednesday and, notwithstanding the fact that the machinery has been standing idle for some time, thirteen thousand bricks were turned out the first day.

About twenty men are now employed in this plant and it is expected the output will be increased in the near future.

## Bowell U.F.A. Elect New Officers

There was a good turnout of farmers of the Bowell district last Monday in answer to a call sent out to meet in the school on that evening for the purpose of discussing U. F. A. business.

As this was the annual meeting of the U. F. A. for that district it was decided to discuss the association and make a special effort to increase the membership. Encouraging addresses were delivered by some of those present and great enthusiasm in the work of the association was manifested. The election of officers for the ensuing year resulted as follows:

President—E. A. Pentland.  
Vice-President—A. C. Gillis.  
Sec.-Treas.—C. Goddard.  
Directors—W. J. Wilds, H. Waeley, H. H. Hanson, J. Delbick and Geo. Colthart.

The association starts out with a membership of 24 and promising prospects for a thriving future.

## Important Notice From Food Controllers

The licensing regulations of the Canada Food Board require that every licensee shall place on every label, contract, order, acceptance of goods, invoice, receipt, quotation and advertisement issued, the words "Canada Food Board License Number" followed by the number of the license, and shall also the name of the licensee and on which the business is carried on.

On and after July 1st license will be required by confectioners, (many factories only), and by proprietors of public eating places. The regulation with regard to advertising becomes applicable on the date to these classes also.

## Airmen Keep up Bombarding Zeebrugge

The report issued by the war office dealing with aerial operations reads: "On Thursday low clouds and poor visibility worked in to the air, but our machines took advantage of signs of clearer weather to make observations for artillery fire and carry out numerous patrols, and reconnaissance. Nine tons of bombs were dropped by us on the Zeebrugge mole, on the Amstel and Comina stations and on targets in the French battle area."

Ten hostile aeroplanes were destroyed during the day and two were driven down out of control. In addition, a German balloon was brought down in flames. We lost five machines but a heavy mist prevented flying during the night."

## Enemy Offensive In Italy Stopped

The Austrian planes are not closing in on Italy with the precision of October, when they forced back the Italian armies of Gen. Cadorna from the Julian Alps to the Piave river, and from the southern mountain regions almost to the plains of Venetia. In fact, they do not seem to be closing in at all.

The upper jaw in the Venetian Alps a stalled under the resistance of the Italian, French and Italian forces, and the Austrians are unable to make the necessary to bring it across the Piave river and push back the Italian troops which are closing in on it.

Each Province in the Dominion has been asked to form a scheme of re-education for its own people. "Thus the Canadian Food Board hopes to provide for each province's own particular conditions."

## PROGRAM FOR BOX SPRINGS BIG PICNIC

Redcliff Band in Attendance—  
Dancing Pavilion on Grounds—  
Proceeds of Day for Red Cross.

Bills are now out announcing the big picnic at Box Springs on Dominion Day and they would indicate that this popular annual event is to be bigger and better than ever this year.

Inside a complete list of Abbots events for which good prizes are offered there will be a good program of horse races and a dancing pavilion will be erected for the school children for the picnic grounds. The Redcliff Citizens band has been engaged to furnish music during the day and a musical program by the school children will start off what will most assuredly be a most enjoyable day.

As the proceeds from the dance and picnic will be devoted to Red Cross purposes an address on Red Cross work will be delivered during the musical program.

The following is the list of sporting events for the day and the prizes offered:

Boys Race, 16 years and under—Baseball donated by J. P. Blundell.  
Girls Race, 12 years and under—110 Yds. Relay, 4 miles—Cornack store.  
Boys Race, 8 years and under—Cash prize.  
Men's Race, open, 100 yards—Cash prize.  
Girls' Race, 16 years and under—1st, 2 lbs. chocolates; 2nd, 1 lb. chocolate, by H. Black.

Three-Legged Race—16 years and under—\$100 box chocolates by J. Henson.  
Girls' Race, 8 years and under—\$100 in trade at Mrs. F. Wild's store.

Ladies' Race, open—Leather purse, by C. E. Hall—\$5.  
Egg and Spoon Race—1st, 20 lbs. sugar, 2nd, 10 lbs. sugar, by W. G. Neale.

Men's Submarine to Redcliff Review—by H. H. Hatcher.  
Ladies' Nail Driving Contest—\$50.00 in trade at Gibson & Tupper's.  
Three-Legged Race—\$50.00 in trade to Ned Barber's.

Back Race—\$100 in trade at American Boys' Long Jump, 16 years and under—Cash prize.

Boys' Long Jump, 12 years and under—Cash prize.  
Men's Long Jump, open—Pair Buckskin mits, by N. Pearson.  
Egg, Skip and Jump—100 cigars, by H. C. Crowe.

High Jump—Box Roosevelt Cigars, by E. J. Crowe.  
Wheelbarrow Race—One ton coal, by Brick & Coal Co.

Old Man's Race, 50 years of over—Good pills, by R. Black.  
Catching Greasy Pig—Figs donated by J. Ellis.

Horse Race, quarter mile—200 Mel-schirig cigarettes, by R. Black.  
Boys' Horse Race—Cash prize.  
Girls' Horse Race—Girls' dress, by M. Conn.

Cow Horse Race—A ham, by R. Campbell.  
Horse Race, half mile—\$50.00, by T. A. Hicks.

Trotting Race—A ham, by Werts Bros.  
Slow Horse Race—\$50.00 in trade by A. Byrdie, Blacksmith.

Boat and Rhoe Race—A clock, by F. Odlin.  
Framers' Horse Race—\$50.00 in trade, by S. Blacksmith, Blacksmith.

Boys' Race, 4 miles—100 lbs. Purify flour, by S. E. Gust.  
Relay Race, 4 miles—Cow borth is anticipated. Mr. George Foster, acting premier, has telegraphed the premier of each of the Canadian provinces, asking them to lend all assistance possible to bring the people of Canada, regardless of creed, together in prayer.

## The Summer Session For the Teachers

Arrangements are now practically complete for the summer school for teachers which will be held this year as usual at the University of Alberta in July and August.

The standard courses in agriculture and gardening, household arts, fine and applied art, manual arts, first aid and physical training will be offered as heretofore.

According to the regulations of the Department of Education British and American teachers whose professional standing is recognized in Alberta are required to complete courses in History and Civics, school laws and regulations and geography with special reference to Canada in order to become fully qualified in the province. Instructions in these courses will be given by C. Sanson of the Calgary Normal school, and Miss Dickie and W. A. Stickle of Camrose.

Several courses are being offered this year for the first time. Teachers who wish to specialize in primary work will have an opportunity of securing more complete training in this field. This course will consist of lectures, demonstrations and class discussions. Special attention will be given music, dramatization, storytelling and games. Dr. Cotnam of Calgary, will have general charge of the instruction in this course.

To meet the needs of teachers who may wish to further perfect themselves in oral-French, a course will be given wholly in this language. Not only will the course include practice in speaking French but will give considerable training in method in teaching the language with a careful study of the text in use in the schools.

For the first time this year teachers have the opportunity of qualifying for first class certificates at the summer session. Three courses of unusual interest are being offered—one in educational psychology, one in administration and a third in educational problems. In these courses the latest educational theories, devices and practices will be explained and discussed. Such work will be of the greatest value to teachers who wish to qualify as principals and vice principals.

### TWO MORE VESSELS

#### SUNK OFF U. S. COAST.

Germany's sea wolves have sunk two more vessels in American waters. The latest victims of the raiders, which first made their appearance off the Atlantic coast some weeks ago, are the sailing ship Kringelja and the barque Samoa, both Norwegian. The crew of the former has been picked up by an American warship which is bringing them to an Atlantic port, and that of the latter was landed at Norfolk.

Both vessels were sent down 90 miles off the Virginia coast.

### HEAD LICE IN CHICKENS.

The chicks should be gone over for lice—the head lice are the worst. If the brooder and the surroundings are kept clean as possible there should not be much fear of head lice. Should they appear, however, an application of ointment of some kind should be used at once. If this is not available, use vasoline, olive oil or sulphur and lard. Every head will have to be gone over and the treatment will have to be repeated in a week. It is a troublesome task to go over several hundred young chicks, but it must be done, each head by itself. Rub the paste well into the scalp, and around the ears. Some use coal oil, but it is too severe and has been known to kill the chicks about as quick as lice. Head lice in chicks are sometimes hard to locate. The chicks may be listless, getting thin, wings down, feathers ruffled and dying off one by one. Upon examining the heads one can see nothing running around and all that appears is what looks like young fleas sprouting out of the head. To make sure that they are there take some of the ointment and apply thoroughly to the head. Put the chick in a box and examine in a few minutes time. The young feathers will be gone and large bodied lice will be pushing for their life, the "feathers" were the abdomens of the lice, the hind end of the bodies being buried into the head of the chick eating away at the tissue. It takes only a few days to have a whole flock cleaned out. Absolute cleanliness is the best preventive.

### ARE DENATIONALIZED.

Natives of Alsace and Lorraine to the number of 6,200 who are fighting for France have been denationalized by the German authorities according to a report received in Geneva from Mulhausen. A majority of these are members of wealthy families who refused to enter the German army, preferring to lose their fortunes.

**The Redcliff Review**

## ITEMS OF LOCAL INTEREST

Mr. and Mrs. B. Burk and family, just north of town, are rejoicing over the arrival of the seventh son to their home, last Saturday.

Commencing next Sunday St. Andrew's Sunday school will be held at 10 o'clock, noon and evening for the summer at this hour.

Architects are invited to many berries on Monday to find the school board ready for tenders for the new school here.

Messrs. E. P. Argue and H. Gibbs represented the Redcliff Lodge at the I. O. O. F. decoration day service in Medicine Hat last Sunday.

Mrs. Munderlow, of Montreal, is spending a few days in town on her way home from the coast, the guest of her sisters, Mrs. Lydell and Mrs. Harbart.

G. M. Lang, C. E. left for Calgary on Wednesday to take up his new duties as inspector of building construction for the Grand Trunk Pacific Railway Company.

Mrs. A. MacLaren of the Medicine Hat News staff, and her sister, Miss Best, together with other friends, made a flying visit to the Mann last Saturday, guests of Rev. and Mrs. Gordon.

Remember the merchants meeting in Crow's hall tomorrow (Friday) night. Every merchant in town, no matter what line in it, is to be at this meeting, as it is intended to form a merchants association.

The tax sale which commenced last Monday, lasted till Tuesday noon, but at that time it was adjourned to meet again next Tuesday, June 25th, at the same place, at 10 o'clock in the morning, when the property not already put up will be offered for sale.

At its meeting last week the Board of Pastors of the Presbyterian church adopted a resolution expressing their sense of the excellent qualities of Mr. L. G. Rose, who has moved to Mandan, N. D., and of his helpfulness to the church; and also appointed Mr. J. Leyland as mission secretary for the congregation. Mr. Leyland will address the Sabbath school next Sunday in line with this appointment.

After the regular meeting of the Red Cross in the room next Tuesday afternoon there will be a meeting of the members of the old civic improvement club who are still in town. It will be remembered that this club has organized several years ago but since the commencement of war it has suspended activities. Now some matters of importance have developed and it is desirable that all concerned attend this meeting.

Mrs. Walters, ex., celebrated her birthday anniversary last Wednesday and during the afternoon a number of her lady friends called to wish her many returns of the occasion. In the evening a number of friends called at the home of Mr. and Mrs. D. Kerr, with whom Mrs. Walters is at present staying, and during a surprise party on her to further celebrate the occasion. Although well over the allotted span, Mrs. Walters entered heartily into the spirit of the occasion and with the rest of the party took part in the different enjoyable evenings.

FARMERS—If you want to borrow money see Stoner Agencies. \*\*\*

## CHURCH NOTICES

**CHURCH OF ENGLAND.**  
Friday—Evangelism and Intercession, 7.30 p. m. Choir practices 8.10.  
Sunday—Holy communion at 8 a. m. 11. Sunday school 12 o'clock noon. Evensong 7.30.  
Sunday afternoon—Service at Box Springs at 3.30.  
Monday—St. John the Baptist Day. Thursday—W. A.

**THE PRESBYTERIAN CHURCH.**  
Divine worship on Sabbath at 11. A. M. and 7.30 P. M. and half past seven evening. Persons discourses: "The Permanence of the Holy Mind." Evening theme: "The Kingdom of God is the Teaching of Jesus." All are welcome at these services.

Sabbath school and Bible class at 10.30. —The Bible class subject is "The Resurrection of Our Lord." Where is the body of Jesus? What does the resurrection mean? What are the infallible proofs He gave of His resurrection?  
The Ladies' Aid meets with Mrs. G. Patterson, Fifth street, on Thursday at 3 a. m.

**CATHOLIC CHURCH.**  
Until further notice services will be held in Crow's hall on the second and fourth Sundays of each month.

**FIRST BAPTIST CHURCH.**  
Service will be held at 3 o'clock p. m. and 7.30, Sunday of Medicine Hat will be the preschool Sunday school at 2.15.

## Take a Holiday Here's a Good one

Medicine Hat is determined to present to the public of Western Canada in her 1918 Summer fair and stampee the premier summer attraction of the year. The educational feature will be well looked after with large exhibits of live stock, poultry, farm and domestic products, fine art exhibits and the latest and most up-to-date machinery.

The amusement part of our program has not been neglected. There will be horse races, base ball, tournament, large midway and five premier platform attractions, including the Baker Sisters, direct from the New York Hippodrome, three pretty young ladies in a bewildering and captivating act of skill and daring. Hobson & Nichols, two comedians who play Bumpy Dumps and create foolish tricks that keep the audience in good humor—Jack & Jill, The Brickets and Elwood and Rose, all of whose acts are new, novel and pleasing, and last, but by no means least, will be staged the largest and most stupendous stampee ever attempted in Western Canada.

Ample accommodation has been provided and every precaution for the comfort and enjoyment of visitors has been arranged. Keep the dates—July 18, 19 and 20, 1918 open, and visit Medicine Hat's 1918 Summer Fair and Stampee!

## Turks Destroy U.S. Hospital

Sacking of the American hospital at Tabriz, Persia, and seizure of the American and British consulates there by invading Turks, was reported to the state department by the American minister at Teheran.

If the report as it reached the minister is officially confirmed the allegations may be considered an act of war and settle the long pending question of whether the Ottoman allies of Germany should be formerly listed among America's enemies.

According to the dispatch, the Turks sacked the hospital, over the protest of the Spanish consul, in charge as representatives of American interests, and in defiance of the Spanish flag flying over the buildings.

## Bad Hail Storm At Saskatoon

One of the worst hailstorms in the recorded history of Saskatoon broke over the major portion of the city last Tuesday, shattering windows and street lights and stripping vegetation. But fortunately doing very slight damage to persons who were unfortunate enough to be caught in the midst of it. The appearance of many parts, particularly those streets facing the front of the cyclone, which came upon them from the southwest, is that of a beaten city in the war zone. The experience during the 10 minutes duration of the storm resembled that of machine gun bombardment, only the hail bullets were as large as hen's eggs.

## Austrain Cuts Down The Bread Rations

The bread ration for the city of Vienna has been lowered from 1,600 to 600 grams (less than 1½ pounds) weekly, according to a Copenhagen dispatch to the Exchange Telegraph company. This decision, it was stated, was delayed by the cabinet council as long as possible for political reasons, but it has become necessary because of the Ukraine famine. When the flour ration was made last January strikes occurred in Vienna and the authorities are said to be prepared for similar results now.

Henry Ford announced in Washington last Friday night that at the request of President Wilson he had decided to become a candidate for United States senator for Michigan, if the nomination should be offered him.

## Canada Registration Board

Persons wishing to get their Questionnaire Cards may do so in advance by calling at the Review office. They can then have same all filled out and ready to hand in at their nearest registration booth. It will be necessary that every person appear personally at some booth, however, as they must sign and receive a registration certificate in exchange for the Questionnaire Cards.

All cards must be completed in INK.

## Britain May Have A Home Cabinet

The question of establishing a second cabinet in Great Britain is to deal with purely domestic affairs and relieve the war cabinet from the pressure of that work will be brought before both houses of parliament next week. The subject has been discussed in the press recently and it has been rumored that the government also decided on two cabinets, one domestic and the other war.

## FARMERS!

Now is the time you should think of your Hail Insurance, as the cost of seed grain and labor is sure with your protection. Remember that we have several of the strongest companies taking Hail Insurance. These companies make prompt and liberal settlements. We would be pleased to have you consider us when placing this insurance and if we do not see you before your insurance is placed, kindly call at our office and permit us to tell you about our companies.

THE STONER AGENCIES.
